MEMORANDUM FOR: Associate Deputy Director for Administration

SUBJECT: Visit of William Sitter, Tenneco

1. I very much appreciate the opportunity we had for substantive discussions during Bill Sitter's Headquarters visit on 18 December. We took up far more of your time than I had intended, so I hope that the interchange was as worthwhile for you as it was for myself and for Bill.

2. I had several purposes in mind in setting up our meeting. First, I wanted to develop a firm basis for future assignments for CIA executives to Tenneco under the President's Executive Interchange Program. I believe that Bill's group is one of the best places in industry for exchange assignments which would be of benefit to the Agency. Second, Bill Sitter is one of the brightest and most analytically capable executives I have observed in industry. I hope that we might be able to use his abilities in an advisory arrangement in the future. Third, from his limited contacts with the government, Bill had formed an unfortunate stereotype picture of the government bureaucrat. I wanted to show him that at least one agency in Washington knew what it was doing and had the talented, dedicated people it needed to do its job.

3. I think all three objectives were satisfied largely as a result of the excellent meeting we had with you. In addition, I found your description of the Agency's information handling needs to be stimulating and challenging. Thanks again for an excellent afternoon.
